

JRO TRANSPORTES ESPECIALIZADOS

**Oversized
Transport**

**Transport of
industrial structures and
Lifting operations**

**Transport with Lowboy, Lowbed,
Flatbed, and Extendable trailers.**

Dry van and reefer trailers

Oversized transport

By land, we operate Lowboys or Lowbed trailers. These specialized trucks are used for heavy haul transport, with a capacity of up to 75 tons.

Structural transport and heavy lifting operations

**JRO TRANSPORTES
ESPECIALIZADOS**

Continue to evolve and
apply the continuous
improvement of our
processes so that, in
turn, it is transmitted in
the service to our
customers.

6	Plattaform	48 ft	
7	Modular Plattaform	48 ft	75 ton

JRO Transportes Especializados condemns all acts of violence that affect global society and we have decided to get certified in the Customs–Trade Partnership Against Terrorism (C-TPAT).

We are currently in the process of this certification, working day by day to obtain it and provide our customers with the peace of mind that they are working with a Responsible and Secure company.

Oversized transport

Logistics solutions

**We are professionals
in the transport service.**

Oversized cargo transport

When handling oversized merchandise, it is necessary to know the cargo's dimensions (length, width, height, and weight) to plan the transport and define a route that allows us to meet your time and delivery requirements.

Today, JRO TRANSPORTES ESPECIALIZADOS continues to evolve and apply the continuous improvement of our processes so that, in turn, it is transmitted in the service to our customers.
